GROWING YOUR SAVINGS

Boost your retirement savings with cash top-ups and CPF transfers

Make cash top-ups and CPF transfers to your own or loved ones' Special or Retirement Account to benefit from compounding interest and receive higher monthly payouts in retirement. You can also enjoy tax relief on cash top-ups made.

Benefits of topping up

- Receive higher monthly payouts
- Earn interest rates* of up to 6% per annum on retirement savings
- Enjoy tax relief of up to $16,000 for cash top-ups made to yourself and your loved ones in each calendar year
- Eligible members under the Matched Retirement Savings Scheme enjoy matching grants from the Government on cash

top-ups^ received, up to $2,000 per year, with a lifetime limit of $20,000

*Based on the current 4% interest rate floor on Special and Retirement Account monies
^Cash top-ups which attract the matching grant will not enjoy tax relief

Make a top-up now >

You can also set recurrent top-ups as a convenient way to build up your retirement savings.

Quick tip

From age 55, you can choose to top up your Retirement Account up to the current year's Enhanced Retirement Sum (ERS) of $440,800 for higher payouts. As the ERS increases every January, you can make further top-ups every year for even higher payouts!

THINGS TO NOTE

What you need to know before making cash top-up or CPF transfer

Top up to boost your monthly payouts

Consider the amount of monthly payouts you wish to have to

Top-ups are irreversible and reserved for monthly payouts

support your desired retirement lifestyle, and top up to work towards your goal.
Try using the Retirement Payout Planner or Monthly Payout Estimator to facilitate your financial planning.

Consider your financial situation and goals before making the top-up

For example, consider whether you plan to finance your house using your Ordinary Account savings or cash.

Top-ups (both cash top-ups and CPF transfers) are irreversible as they are a long-term commitment to boost your retirement savings for higher payouts. They cannot be withdrawn for any other purposes.

Find out your top-up limits and tax benefits

Visit your Retirement Dashboard to find out your top-up limits (the maximum amount you can top up) and eligible tax relief benefits.

Quick tip

Make your cash top-up or CPF transfer early to earn more through the power of compounding interest. If you make a top-up in January instead of December, you can earn up to 20% more interest in just 10 years on those monies.

CPF TRANSFERS
